

Rockfon Security Metal Panels and Planks

Applications

Ideal for prisons, jails, detention centers, high security prisons, corridors, holding areas.

Features

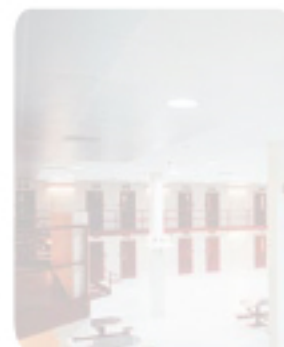

- Meets strength and environmental requirements.
- Economical and durable.
- Adjust acoustical performance to provide noise control.
- Sustainable: 75%-100% post consumer recycled content, global/regional manufacturers.

For more detailed product information, submittals or specifications, refer to rockfon.com.

Securline® planks offer the best security for supervised and unsupervised areas in detention facilities. This security ceiling and wall system is access-resistant, abuse-resistant and exceptionally strong.

Metaline™ security panels and suspension are a high-performance aluminum ceiling that provides access resistance in supervised dayrooms and corridor areas in detention facilities as well as other locations requiring restricted access to the ceiling plenum.

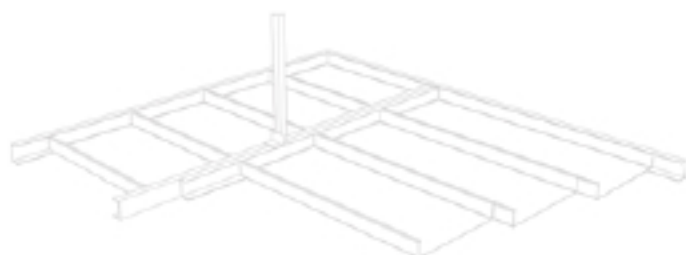

Specifications			
Suspension Type		Securline® Metal Plank	Metaline™ Metal Panel
Material	Painted 18 Gauge Standard Steel	+	+
	Painted 16, 14, 12 Gauge Galvanized Steel	+	
	Painted 28 Gauge Galvanized Steel		+
	Painted 0.040" Aluminum		+
Surface	Solid and Perforated	+	+
Size	7' x 10' Standard, Also Non-Standard Lengths	+	
	7' x 2', 2' x 2', 2' x 4'		+
Edge	Square	+	+
Fire	Fire Rated	+	+
Sound	MFC - Perforated With 1 1/2" Fiberglass Acoustical Pad	0.58	0.80
Performance	Supervised Areas	+	+
	Unsupervised Areas	+	
	Interior Applications	+	+
	Exterior Soffits	+	+
Suspension	15/16" Heavy Duty Metaline Grid		+
	3 1/2" Heavy Duty Channels	+	
Classification	Type XX, Pattern C, G Per ASTM E 1364	+	+
Warranty	20 Year Limited	+	+
Sustainability	Minimum 25% Recycled Content,	+	+
	global/regional manufacturer.	+	+
