DIGITAL INFUSION SERIES

Combine one of the Specified Metals surfaces with one of our patterns or with your custom image to create a unique product. Digital images can be printed on solid aluminum sheets for a variety of applications including metal walls, signs, art, and numerous advertising uses. Sizes up to 4' x 10' are possible. Samples are available. Each Digital Infusion piece is printed on .03 inch thick aluminum. Digital Infusion is durable, scratch resistant, UV and heat resistant, and water proof. | Want more?
